COVID PLAN UPDATE - FEB 7: After speaking with our staff and considering the cases and situations over the school year the Board of Education has made an adjustment in class quarantining procedures in light of the value of in-person learning. Tracing of illness and its relative impact along with the availability of staff for in-person learning will be considered in any possible whole class or group quarantining. The case thresholds will be used as a guide in the consideration of quarantining students over in-person learning.
